

Step-by-Step Process to Report, Recover, and Have Your Stolen Vehicle Returned

Once you've safely confirmed your vehicle is stolen:

○ STEP1

Call the police

Your local law enforcement will help you file a report - make note of the police report number and contact information to provide to the Lincoln Call Center agent

○ STEP2

Call us at 1-844-306-0802

You can call us at this number or through the Lincoln App. We'll take it from here:

- Our Call Center agent will verify the police report with law enforcement. Our agent will then begin tracking your vehicle's location, as well as disable Factory Reset functionality
- You will receive a confirmation email from our agent with a summary of the case details. Our Call Center will engage police to check for case updates, share updated locations, and request that you be updated by law enforcement

○ STEP3

Your vehicle is recovered and returned

- The police will let you know when your vehicle is recovered. Re-engage our Call Center to deactivate tracking and initiate Recovery Mode. You will receive a Recovery Mode confirmation email. Your vehicle is returned to you

And at any time after you've activated the service, you can reach out to our dedicated Call Center 24/7 through the Lincoln App - go to Account > Stolen Vehicle Services > Call Us.

You can track the details of your vehicle recovery here.
